

Dipl.-Ing. Dr. Kevin Feichtinger, BSc

POSTDOCTORAL RESEARCHER · DEPENDABILITY OF SOFTWARE-INTENSIVE SYSTEMS GROUP

Karlsruhe Institute of Technology, Am Fasanengarten 5, 76131 Karlsruhe, Germany

☎ +43 699 17186779 | ✉ kevin.feichtinger@kit.edu | 🌐 www.kevin-feichtinger.at | 📷 coemgen1992 | 📺 kevin-feichtinger

Kevin Feichtinger is a post-doctoral Researcher at the Dependability of Software-intensive Systems Group, headed by Prof. Dr. Ralf Reussner, at the Karlsruhe Institute of Technology, Germany. He completed his PhD studies in computer science major software engineering at the LIT Cyber-Physical Systems Lab at Johannes Kepler University Linz in 2023. His current research interests include software product lines, configurable systems, variability modeling, model transformations, software evolution, software consistency, and software development for Cyber-Physical Systems.

Education

Johannes Kepler University Linz

Linz, Austria

DOKTOR DER TECHNISCHEN WISSENSCHAFTEN

February 2020 - September 2023

- Programme: Engineering Sciences
- Thesis: A Flexible Approach For Transforming Variability Artifacts
- Advisor: Univ.-Prof. Mag. Dr. Rick Rabiser

Johannes Kepler University Linz

Linz, Austria

MASTER OF SCIENCE IN COMPUTER SCIENCE

July 2016 - January 2019

- Major: Software Engineering
- Thesis: Integration of Feature Modeling and Static Code Analysis in the FORCE Tool Environment
- Advisor: a.Univ.-Prof. Dipl.-Ing. Dr. Herbert Prähofer

Oxford Brookes University

Oxford, England

ERASMUS EXCHANGE SEMESTER

September 2016 - December 2016

Johannes Kepler University Linz

Linz, Austria

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

October 2012 - July 2016

- Thesis: Ein Bausteinsystem zur Visualisierung von industriellen Prozessen in JavaFX
- Advisor: a.Univ.-Prof. Dipl.-Ing. Dr. Herbert Prähofer

Professional Experience

2024 - present	Postdoctoral Researcher , Karlsruhe Institute of Technology, Germany
2020 - 2023	University Assistant , Johannes Kepler University Linz, Austria
2019 - 2020	Researcher , Johannes Kepler University Linz, Austria
2017 - 2019	Student Researcher , Johannes Kepler University Linz, Austria
Summer 2017	Research Trainee , KDDI Research, Inc., Japan

Awards

	Journal of Systems and Software Best Paper Award in the Regular Track 2025 , UVL: Feature Modelling with the Universal Variability Language	
2026		
2024	JKU Young Researcher Award , Johannes Kepler University Linz, Austria	EUR 500,00

Grants

2026 - 2027	ICM Bottom-Up Project – INTERFACE4CPPS , InnovationCampus Future Mobility	EUR 34.400,00
2022	Student Researcher in Research - Prankur Agarwal , Johannes Kepler University Linz, Austria	EUR 3.000,00

Teaching Experience

Spring 2026	Software Product Line Engineering – 3 ECTS, Language: English – Role: Lecturer and Examiner	Karlsruhe Institute of Technology
Spring 2026	Project: Software Engineering – 6 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Spring 2025	Software Product Line Engineering – 3 ECTS, Language: English – Role: Lecturer and Examiner	Karlsruhe Institute of Technology
Spring 2025	Project: Software Engineering – 6 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Winter 2025	Project: Software Engineering – 6 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Winter 2025	Seminar Continuous Software Engineering – 4 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Spring 2024	Software Product Line Engineering – 3 ECTS, Language: English – Role: Lecturer and Examiner	Karlsruhe Institute of Technology
Spring 2024	Project: Tools for Agile Modeling – 6 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Spring 2024	Project: Software Engineering – 6 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Winter 2024	Project: Software Engineering – 6 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Winter 2024	Seminar Continuous Software Engineering – 4 ECTS, Language: German – Role: Supervisor	Karlsruhe Institute of Technology
Spring 2023	Product Line Engineering – 3 ECTS, Language: English – Role: Lecturer	Johannes Kepler University Linz
Spring 2023	Exercises in Algorithms – 1,5 ECTS, Language: German – Role: Lecturer and Examiner	Johannes Kepler University Linz
Spring 2022	Product Line Engineering – 3 ECTS, Language: English – Role: Lecturer	Johannes Kepler University Linz
Spring 2022	Exercises in Algorithms – 1,5 ECTS, Language: German – Role: Lecturer and Examiner	Johannes Kepler University Linz
Spring 2022	Exercises in Algorithms for AI – 1,5 ECTS, Language: English – Role: Lecturer and Examiner	Johannes Kepler University Linz
Spring 2022	Project in Software Engineering – 7,5 ECTS, Language: English – Role: Supervisor	Johannes Kepler University Linz
Winter 2022	Systems Programming – 3 ECTS, Language: English – Role: Lecturer	Johannes Kepler University Linz
Spring 2021	Exercises in Algorithms – 1,5 ECTS, Language: German – Role: Lecturer and Examiner	Johannes Kepler University Linz
Spring 2020	Exercises in Practical Computer Science – 1,5 ECTS, Language: German – Role: Lecturer and Examiner	Johannes Kepler University Linz
Spring 2020	Project in Software Engineering – 7,5 ECTS, Language: German – Role: Supervisor	Johannes Kepler University Linz

Mentoring

MASTER THESIS

October 2026	Dennis Steinbuch , Variability Modeling in SysML v2 and UVL: Comparison and Transformations	Karlsruhe Institute of Technology
April 2026	Philipp Domenik Klaus , From Email to Issue: A RAG-based Ticket Creation System for Heterogeneous Data Sources	Karlsruhe Institute of Technology
September 2025	Kaan Berk Yaman , Assessing the Scalability of Variability Artifact Transformations using TRAVART	Karlsruhe Institute of Technology
May 2025	Fabian Eger , Solver Representations for Cardinality-based Feature Models	Karlsruhe Institute of Technology
July 2024	Dario Romano , Constraint Optimizing Transformations between UVL and pure::variants Feature Models	Johannes Kepler University Linz
November 2023	Prankur Agarwal , Bridging the Gap: Transforming UVL Models to IVML Models and back	Johannes Kepler University Linz

BACHELOR THESIS

September 2026	Joshua Osinski , Variability Model Transformations between Clafer and UVL	Karlsruhe Institute of Technology
July 2026	Urban Maximilian Polley , Views in the Development of Cyber-Physical Systems	Karlsruhe Institute of Technology
November 2025	Julian Robin Winter , Guided Exploration and Visualization of Trace Links in Visual Studio Code	Karlsruhe Institute of Technology
September 2025	Yifei Huang , A Visual Studio Code Plugin for Tracing Between Documentation and Source Code	Karlsruhe Institute of Technology
August 2024	Jessica Woschek , Exploring the Traceability of Requirements and Source Code via LLMs	Karlsruhe Institute of Technology

SOFTWARE ENGINEERING PROJECTS

September 2026	Nils Balthasar Wittstock , ILP-based Analysis for Decision Models	Karlsruhe Institute of Technology
March 2026	Johannes Julian von Geisau , CSP-based Analysis for Decision Models	Karlsruhe Institute of Technology
September 2025	David Kowal , ANTLR-based parsing and serialization for DOPLER Decision models	Karlsruhe Institute of Technology
March 2025	Yannick Kraml , Transforming UVL feature models into DOPLER Decision Models and vice versa	Karlsruhe Institute of Technology
September 2024	Fabian Eger , SMT based Analysis for Decision Models	Karlsruhe Institute of Technology
September 2024	Jakob Gretenkort , Enabling Variability Artifact Exploration via an Universal Variability Language Playground	Karlsruhe Institute of Technology
September 2024	Kaan Berk Yaman , Transforming UVL feature models into the Kconfig Language and vice versa	Karlsruhe Institute of Technology
July 2022	Prankur Agarwal , Exploring the Transformation of IVML Models into UVL Models	Johannes Kepler University Linz
July 2020	Paul Stöbich , Transforming Orthogonal Variability Models to Feature Models and back in FeatureIDE	Johannes Kepler University Linz

SEMINAR THESIS

March 2026	Dennis Steinbuch , Variability in Systems Engineering and the Role of SysML(v2)	Karlsruhe Institute of Technology
March 2025	Gabriel Leon Gehrig , A Comparison of different Notions of Consistency beyond Software Engineering	Karlsruhe Institute of Technology

STUDENT ASSISTANTS

Winter 2025	Ferdinand Weber , Student Assistant: Maintaining a GitHub Organization - TraVarT	Karlsruhe Institute of Technology
Spring 2025	Miriam Gaus , Student Assistant: Maintaining a GitHub Organization - UVL	Karlsruhe Institute of Technology

Cooperations

I collaborate with various groups from different universities. The complete list of my list of co-authors can be found at DBLP (<https://dblp.uni-trier.de/pid/237/0533.html>).

This list does not include cooperations with groups of my former affiliation Johannes Kepler University Linz. At Johannes Kepler University Linz I closely collaborate with the groups of Prof. Rick Rabiser (LIT CPS Lab.), Prof. Alois Zoitl (LIT CPS Lab.), Prof. Manuel Wimmer (WIN/SE), Prof. Herbert Prähofer (INF/SSW) and Prof. Paul Grünbacher (INF/ISSE). Further, no cooperations are listed from my current affiliation, Karlsruhe Institute of Technology, and the project SFB 1608 (<https://www.sfb1608.kit.edu/>) where I collaborate with the groups of Prof. Uwe Aßmann from the Technical University Dresden, Prof. Colin Atkinson from the University of Mannheim or Prof. Dr. Gabor Karsai from the Vanderbilt University.

2022 - present	Dr. Sandra Greiner , Variability Modeling. Software Engineering for Cyber-Physical Production Systems. 10 joint publications	University of Southern Denmark
2021 - present	Tonja Heinemann, Jérôme Pfeiffer, Dr. Carsten Ellwein, Prof. Andreas Wortmann , Software Engineering for Cyber-Physical Production Systems. 3 joint publications	University of Stuttgart
2021 - present	David Schmalzing, Dr. István Koren, Prof. Bernhard Rumpe , Software Engineering for Cyber-Physical Production Systems. 2 joint publication	RWTH Aachen
2021 - present	Dr. Judith Michael , Software Engineering for Cyber-Physical Production Systems. 1 joint publication	University of Regensburg
2021 - present	Prof. Klaus Schmid, Dr. Holger Eichelberger , Variability Modeling and Software Product Lines. Software Engineering for Cyber-Physical Production Systems. 2 joint publications	University of Hildesheim
2021 - present	Prof. David Benavides, Prof. José Galindo , Universal Variability Language. MODEVAR Workshop Series. 4 joint publications	University of Sevilla
2021 - present	Chico Sundermann, Dr. Sebastian Krieter, Prof. Thomas Thüm , Transformation of Variability Models. Universal Variability Language. MODEVAR Workshop Series. 7 joint publications	Technische Universität Braunschweig
2020 - present	Dr. Kristof Meixner, Prof. Stefan Biffl , Transformation of Industrial Variability Artifacts. Software Engineering for Cyber-Physical Production Systems. 14 joint publications	TU Wien

Scientific Services

STEERING COMMITTEE

since 2026 **International Workshop on Languages for Modeling Variability (MODEVAR)**,
<https://modevar.github.io/>

ORGANIZER

- 2026 **4th Special Session on Software Engineering for Cyber-Physical Production Systems (SECPPS)**,
31th IEEE International Conference on Emerging Technologies and Factory Automation (ETFA)
- 2026 **13th Software Engineering for Cyber-Physical Production Systems Workshop (Community Edition)**, Karlsruhe Institute of Technology
- 2025 **Artifact Chair**, 29th ACM International Systems and Software Product Line Conference (SPLC)
- 2025 **Workshop Co-Chair**, GI Software Engineering 2025
- 2025 **3rd Special Session on Software Engineering for Cyber-Physical Production Systems (SECPPS)**,
30th IEEE International Conference on Emerging Technologies and Factory Automation (ETFA)
- 2025 **8th International Workshop on Languages for Modeling Variability (MODEVAR)**, 19th International
Working Conference on Variability Modelling of Software-Intensive Systems (VaMoS)
- 2024 **7th International Workshop on Languages for Modeling Variability (MODEVAR)**, 28th ACM
International Systems and Software Product Line Conference (SPLC)
- 2024 **2nd Special Session on Software Engineering for Cyber-Physical Production Systems (SECPPS)**,
29th IEEE International Conference on Emerging Technologies and Factory Automation (ETFA)

REVIEWER

- since 2026 **Software and Systems Modeling (SoSym)**, Springer
- since 2026 **Information and Software Technology (IST)**, Elsevier
- since 2026 **SoftwareX**, Elsevier
- since 2025 **Innovations in Systems and Software Engineering**, Springer
- since 2025 **Journal of Computer Languages (COLA)**, Elsevier
- since 2025 **Science of Computer Programming (SCICO)**, Elsevier
- since 2024 **Transactions on Software Engineering (TSE)**, IEEE
- since 2024 **Transactions on Software Engineering and Methodology (TOSEM)**, ACM
- since 2022 **Journal of Systems and Software (JSS)**, Elsevier
- 2022 **(Sub-)Reviewer - Research Track**, 16th Working Conference on Variability Modelling of
Software-Intensive Systems (VaMoS)
- 2022 **(Sub-)Reviewer - Research Track**, 26th ACM International Systems and Software Product Line
Conference (SPLC)
- 2022 **(Sub-)Reviewer - Research Track**, 34th International Conference on Software Engineering and
Knowledge Engineering (SEKE)
- 2021 **(Sub-)Reviewer - Research Track**, 25th ACM International Systems and Software Product Line
Conference (SPLC)
- 2021 **(Sub-)Reviewer - Research Track**, 15th Working Conference on Variability Modelling of
Software-Intensive Systems (VaMoS)

PROGRAMM COMMITTEE MEMBER

- 2026 **New Ideas and Emerging Results Track**, International Conference on Automated Software Engineering (ASE)
- 2026 **Research Track**, International Conference on Next Generation Information Systems Engineering (NGISE)
- 2026 **Project Showcase Track**, International Conference on Software and Systems Reuse, Product Lines, and Configuration (VARIABILITY)
- 2026 **Demonstrations and Tools**, International Conference on Software and Systems Reuse, Product Lines, and Configuration (VARIABILITY)
- 2026 **10th International Workshop on Languages for Modeling Variability (MODEVAR)**, International Conference on Software and Systems Reuse, Product Lines, and Configuration (VARIABILITY)
- 2026 **Digital Twins Track**, Internationale Tagung Wirtschaftsinformatik
- 2026 **Ideas, Visions, and Reflections Track**, International Conference on the Foundations of Software Engineering (FSE)
- 2026 **Artifact Evaluation Track**, European Conference on Object-Oriented Programming (ECOOP)
- 2026 **Student Research Competition Track**, GI Software Engineering 2026
- 2025 **9th International Workshop on Languages for Modeling Variability (MODEVAR)**, 29th ACM International Systems and Software Product Line Conference (SPLC)
- 2025 **Demonstrations and Tools Track**, 29th ACM International Systems and Software Product Line Conference (SPLC)
- 2025 **Challenge Track**, 29th ACM International Systems and Software Product Line Conference (SPLC)
- 2024 **Research Track**, 28th ACM International Systems and Software Product Line Conference (SPLC)
- 2024 **Artifact Evaluation Track**, 28th ACM International Systems and Software Product Line Conference (SPLC)
- 2024 **Demonstrations and Tools Track**, 28th ACM International Systems and Software Product Line Conference (SPLC)
- 2024 **6th International Workshop on Languages for Modeling Variability (MODEVAR)**, 18th International Working Conference on Variability Modelling of Software-Intensive Systems (VaMoS)
- 2024 **Artifact Evaluation Track**, 18th International Working Conference on Variability Modelling of Software-Intensive Systems (VaMoS)
- 2023 **6th International Workshop on Variability and Evolution of Software-Intensive Systems**, 27th ACM International Systems and Software Product Line Conference (SPLC)
- 2023 **Technical Tracks Industrial Digitalization, Digital Twins in Industrial Applications**, IEEE International Conference on Industrial Informatics (INDIN)
- 2023 **Special Session on Software Engineering for Cyber-Physical Production Systems**, 28th IEEE International Conference on Emerging Technologies and Factory Automation (ETFA)
- 2023 **Work-In-Progress Session**, 28th IEEE International Conference on Emerging Technologies and Factory Automation (ETFA)

IN CONFERENCE SERVICES

- Apr. 29th 2026 **International Workshop on Languages for Modeling Variability (MODEVAR) Online Edition**, Session Chair of Session: UVL Language Roadmap and Open Discussion
- Feb. 26th 2026 **GI Software Engineering 2026**, Jury Member for the Student Research Competition
- Sep. 11th 2025 **30th IEEE International Conference on Emerging Technologies and Factory Automation (ETFA)**, Session Chair of Special Session 08: Software Engineering for Cyber-Physical Production Systems
- Sep. 6th 2024 **28th ACM International Systems and Software Product Line Conference (SPLC)**, Session Chair of Paper Session: Application of SPLs III
